Old Business

- On Nov 6/11, ERCS is having an auction at Lorlie-Beaumaris Community Centre. Address is 16220 103rd Ave, Edmonton

New Business

- The crusher work is almost complete and will be moved away when all the crushing is done. The town will still be dumping concrete at the field but will try and dump the concrete further north. The crusher will be brought back as required.
- The town will be dumping snow north of our runway again this winter.
- Town is looking at developing the field directly east of our field.
- We would have to pay for any more fencing at the west end(between the dog park and our field) if we require more fencing.
- Don M presented Ernie R. with a MAAC Leader Membership award for all his contributions to our club
- MMFAs events for 2012 were discussed. The biggest challenge we face is getting volunteers to step up to the plate to help with the Fun Flies. One proposal put forward was to **not** have the Father's Day fun fly any more but continue to have the Electric Fun Fly. The Electric FF has had very good attendance (over 20 pilots). We could make the Electric a 2 day event(1 day electric only and 1 day all planes-no helis). The fund raiser for Stars would also be held at the Electric FF.
- We still need to do something regarding a Wings program
- Elections are coming up soon. We need a President, Vice President, Treasurer and Secretary

Meeting adjourned at 8:13 PM
